

GSA Federal Supply Service

October 21, 2004

Dear GSA Automotive Customer:

DaimlerChrysler has advised GSA Automotive that due to an early manufacturer's build out date, all orders for line item 20.1 (long wheelbase) **with E85 engines** must be submitted to GSA by close of business on Monday, November 8, 2004. This early close out date **ONLY** affects orders for line item 20.1 with DaimlerChrysler where option E85 – ethanol flex fuel engine – is requested.

If you have any questions please contact Dallas Brewer at (703) 308-0823 or at [dallas.brewer@gsa.gov](mailto:dallas.brewer@gsa.gov).

Sincerely,

*/s/ Denise Banks*
